

SkillWorksSM

PARTNERS FOR A PRODUCTIVE WORKFORCE

Boston, MA

Our goal is to ensure that every resident has the opportunity to get a good job and make a good living and every business has a skilled workforce.

Support Industry Partnerships

led by employers and with public and private training and education partners to facilitate skills-based training and effective recruitment and retention strategies.

Deepen our training infrastructure

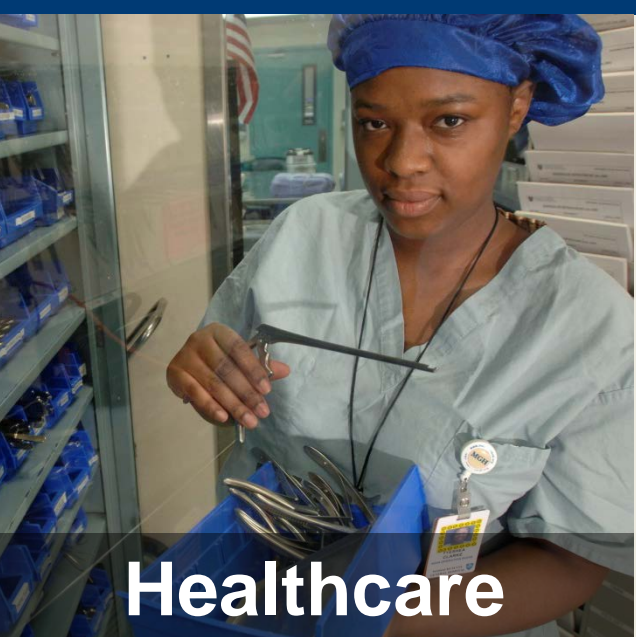

by increasing the reach and scale of training and education programs, developing and enhancing curriculum and credentials, and increasing access to work based learning opportunities.

Target economic stability

for the individuals we serve by investing in programs that support greater access to training, lead to skill and credential attainment and achievement of employment and/or career advancement.
